

Safe Internet Use: Foundation Stage and Key Stage 1 Pupils

We use devices like computers and tablets at school to help us learn and have fun. These rules keep us safe online and help us be kind to others. To stay **SAFE** online and on my devices, I follow the rules below.

I only USE devices, apps, sites or games if a teacher or trusted adult has told or allowed me to.	
I ASK for help if I'm stuck or not sure. I TELL a trusted adult if I'm upset, worried, scared or confused.	
I look out for my FRIENDS and tell someone if they need help.	
If I get a FUNNY FEELING in my tummy, I talk to an adult.	
I KNOW that online people aren't always who they say they are and things I read or see are not always TRUE .	
Anything I do online can be shared and might stay online FOREVER .	
I don't keep SECRETS unless they are a nice surprise	
I don't have to do DARES OR CHALLENGES , even if someone tells me I must. Sometimes these can be dangerous.	
I don't change CLOTHES or get undressed in front of a camera	
I always check before SHARING my personal information (like my name, address, or phone number) or other people's stories, videos, and photos.	
I am KIND and polite to everyone. I only send polite and friendly emails to people that I know.	
I only use my personal SCHOOL LOGIN and email account in school.	
I keep my PASSWORD secret from my friends.	
I know that if I BREAK THE RULES I might not be allowed to use a computer or tablet.	

Safe Internet Use: Key Stage 2 Pupils

These statements can keep me and others safe and happy at school and home. I know that The Stour Federation monitors my activity online to keep me safe.

Being Safe, Responsible and Kind	
	I learn online - I use school internet, devices, and logins for school and homework, to learn and have fun. School can see what I am doing to keep me safe.
	I ask permission - At home or school, I only use devices, apps, sites, and games if and when I am allowed to. If not sure, I will ask. I will not bring in portable data storage from home.
	I am a good friend online - I won't share or say anything I know would upset another person or that they wouldn't want shared. If a friend is worried or needs help, I remind them to talk to an adult, or even do it for them.
	I am not a bully - I do not post, make or share unkind, hurtful or rude messages/comments, images or videos. If I see it happening, I will tell my trusted adults.
	If I make a mistake, I don't try to hide it but ask for help.
	I ask for help if I am scared or worried - I will talk to a trusted adult if anything upsets me or worries me on an app, site, or game. If I get a funny feeling , I talk about it. I know it's not my fault if I see or someone sends me something bad, but I mustn't share it; instead, I will tell a trusted adult.
	I am a secure online learner - I keep my passwords to myself and reset them if anyone finds them out. Friends don't share passwords!
Communication and Content	
	I communicate and collaborate online - with people I already know and have met in real life or that a trusted adult knows about. I check with a trusted adult before I chat with anyone for the first time, even if they are a 'chatbot'.
	I know online friends might not be who they say they are - I am careful when someone wants to be my friend. Unless I have met them face to face, I can't be sure who they are.

	I check with a parent/carer before I meet an online friend the first time; I never go alone. I never arrange to meet anyone I don't know.
	I don't take photos or videos of people without them knowing or agreeing to it - and I don't create artificial images, videos or deepfakes of others without consent. I never film fights or people when they are upset or angry. Instead, I ask an adult for help if it's safe.
	I keep my body to myself online - I never get changed or show what's under my clothes when using a device with a camera. I remember my body is mine and no-one should tell me what to do with it. I don't send any photos or videos without checking with a trusted adult.
	I can say no online if I need to - I don't have to do something just because someone dares or challenges me to do it, or to keep a secret. If I get asked anything that makes me worried, upset, or just confused, I should say no, stop chatting, and tell a trusted adult immediately.
	I am careful what I share and protect my online reputation - I know anything I do can be shared and might stay online forever (even on Snapchat or if I delete it).
	I follow age rules - 13+ games, apps and films aren't good for me so I don't use them – they may be scary, violent or unsuitable. 18+ games are not more difficult but very unsuitable. The minimum age for most social networks is 13 years old.
Privacy and Rules	
	I am private online - I only give out private information (like my address, phone number, or location) if a trusted adult says it's okay. If I turn on my location, I will remember to turn it off again.
	I am a researcher online - I use safe search tools approved by my trusted adults. I know I can't believe everything I see, and I know which sites to trust.
	I respect people's work - I only use words, pictures, or videos from other people if I have their permission or if it is copyright free.
	I am a rule-follower online - I follow rules, block bullies, and report bad behaviour, at home and at school. I know I will be in serious trouble if any site I visit or words I type are thought to be unsuitable for my age.
	I know I will be in serious trouble and reported to the Headteacher if any site I visit or words I type are thought to be unsuitable for my age.
